

## 1 Evaluation Report

In the following report, you will gain a short overview of the results from the evaluation of course "' The public politicisation of the European Union'" given by Prof. Dr. Christian Rauh. For the survey, the **customized SET.UP questionnaire** was used. The lecturer was able to adjust the questionnaire regarding his/her learning methods and aims in advance. The short evaluation report only contains some of the aspects, which have been defined by the Zentrum für Qualitätsentwicklung in Lehre und Studium. 5 students have participated at the survey. That means the evaluation of the results is based on **5 student opinions**.

## 7 Open Comments

### 7.1 Which aspects have supported you the most while learning?

- Course Videos and discussion in class
- I really liked how the course was clearly structured. The teacher is great.
- The discussion in class and the group projects
- Video, slides and mainly the class discussions.

### 7.2 What has made learning more difficult? Do you have any advice of improvement?

- -
- The topic and the heavy focus on data is somewhat complicated for me. I think the teacher did a great job at explaining it.

## 8 Further Questions by the Lecturer

### 8.1 Is the chosen seminar format along the ‘inverted classroom’ useful to you? What works particularly well and what needs to be improved?

- I found it really helpfull.
- I really appreciated the “inverted class-room” format because it enable the class to have more time to discuss and debate. I find it more stimulating and helpful. It clearly helped me to identify what i didn’t understand. I really appreciated to be independent and autonomous with my studies.
- It is useful. However, I do not think this is the right format as we are so few people in the class.
- yes because it allows us to be more involved in the class and actually discuss the concepts that we saw in the video
